**TERMINAL DISCLAIMER TO OBTAIN A PROVISIONAL DOUBLE PATENTING  
REJECTION OVER A PENDING "REFERENCE" APPLICATION INCLUDING  
STATEMENT UNDER 37 CFR 3.73(b)**

Sir:

The owner, Sun Microsystems, Inc., a Delaware corporation, having a place of business at 10 Network Circle, Menlo Park, CA 94025, of the entire interest in the instant application hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend beyond the expiration date of the full statutory term of any patent granted on pending **reference Application Number 10/995,926**, filed on November 22, 2004 as such term is defined in 35 U.S.C. 154 and 173, and as the term of any patent granted on said **reference Application** may be shortened by any terminal disclaimer filed prior to the grant of any patent on the pending **reference Application**. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and any patent granted on the **reference Application** 10659554

Application are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of any patent granted on said **reference Application**, "as the term of any patent granted on said **reference Application** may be shortened by any terminal disclaimer filed prior to the grant of any patent on the pending **reference Application**," in the event that: any such patent granted on the pending **reference Application** expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321; has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as shortened by any terminal disclaimer filed prior to its grant.

The undersigned (whose title is supplied below) represents that she/he is a representative empowered to act on behalf of the owner.

The owner states that it is the assignee of the entire right, title, and interest in the instant application by virtue of an Assignment from the inventor(s) of the instant application to Sun Microsystems, Inc. The assignment was recorded in the United States Patent and Trademark Office at Reel/Frame 014480/0906.

The owner also states that it is the assignee of the entire right, title, and interest in the **reference Application** Serial No. 10/995,926 by virtue of an Assignment from the inventor(s) of the **reference Application** to Sun Microsystems, Inc. The assignment was recorded in the United States Patent and Trademark Office at Reel/Frame 011020/0922.

The undersigned hereby declares that all statements made herein of her/his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made

Appl. No. 10/659,554  
Amdt. dated January 25, 2008  
Reply to Advisory Action of December 14, 2007

are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
